BURPEE'S

Garden, Farm, and Flower SEEDS.

W. ATLEE BURPEE & CO.,

Seed Growers and Merchants,

PHILADELPHIA, PA.,

U. S. A.

Burpee's All-Head Early Cabbage.

THE ILLUSTRATION below has been accurately engraved from a few heads in the foreground of a photograph of our field growing for seed. It shows the *uniformity of* BURPEE'S ALL-HEAD, just as it grows in the field. No other early cabbage is so "*thoroughbred*" in its type, and consequently no other is so *profitable to the market gardener*. See description in FARM ANNUAL for 1895.

WHOLESALE PRICES: Per lb. $1.25 ; 10 lbs. for $11.50.

Discounts TO THE TRADE From our Retail Prices.

Our retail catalogue—**BURPEE'S FARM ANNUAL FOR 1895**—has already been mailed to you, and as we frequently receive orders from the trade for small quantities from our retail catalogue, which cannot be invoiced at the low bulk prices quoted herein, we would state that such orders **are charged at the following rates of discount from our retail prices:—**

All Seeds in Packets,	50 per cent. discount.
500 PACKETS OR MORE AT 60 PER CENT. DISCOUNT.	
These Discounts do not apply to Eckford's New Sweet Pea, Blanche Burpee, which is $15.00 per 100 Packets, Net.	
Seeds by the Ounce,	33⅓ per cent. discount.
Seeds by the Quart or Pint,	33⅓ " "
Seeds in Collections,	40 " "
Potatoes by the Pound,	40 " "
Bulbs in Collections,	20 " "
Plants and Shrubs,	20 " "

At the above liberal rates of discount, the goods travel at expense of purchaser, and on seeds, etc., sent by mail, the cost of postage will be added to the invoice. ☞ The Books, however, as advertised on third page cover will be sent by mail, when so desired, *without charge for postage.*

To the Seed Trade: JANUARY, 1895.

In presenting this **Wholesale Catalogue** for **Dealers only** we would refer to BURPEE'S FARM ANNUAL FOR 1895, not only for descriptions of our novelties and specialties, but also for an honest representation of our facilities to produce the **BEST Seeds that Grow.** Seedsmen who order their supplies from us *receive identically the same stocks which have given such entire satisfaction to the thousands of Market Gardeners who rely upon us for their annual requirements.*

While we cannot expect to compete in price with a certain class of jobbers in the Seed Trade who have no reputation to sustain, we propose to continue, as heretofore, to supply good seeds at fair prices to our fellow-seedsmen and to merchants who appreciate quality.

The publication of this Catalogue cancels all previous quotations, and we will continue to supply at the prices herein quoted, except in cases where important changes in the market compel us to alter our prices, when we will be governed by market rates. **Special Rates for Large Quantities** of any variety of seed will be quoted upon application.

If you have not already received it, we will be pleased to mail on application a copy of

"A YEAR'S WORK AT FORDHOOK FARM,"

With many Beautiful Half-tone Illustrations from Photographs.

This new book has been prepared to lay before the reader, in an attractive manner, by the united efforts of pen and camera, an exact, comprehensive, and impartial picture, showing the actual workings in growing and testing seeds at FORDHOOK FARM, where our friends in the trade are always welcome during the growing season. Such a visit will show the exceptional care exercised, and cannot fail to verify the statement that **there are NO BETTER SEEDS than BURPEE'S.**

Soliciting your esteemed orders, which will always have our best attention,

We remain yours truly,

W. Atlee Burpee & Co.

Lock Box 1626. PHILADELPHIA, PA.

TERMS OF SALE.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills are due June 1st, without regard to date of purchase. Bills contracted after June 1st are payable on December 1st.

☞ **Grass and Clover Seeds, Onion Sets,** and **Seed Potatoes** in quantity are invariably **net Cash.**

☞ Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Terms for Cash.—We will allow a discount of **Five per Cent.** on all orders accompanied by a cash remittance, and also on all bills paid within ten days from date of invoice.

Shipping Instructions should be sent with each order, and will be carefully observed. When omitted we will use our best judgment as to route.

The Prices Quoted are those ruling at this date. We expect to adhere to them throughout the spring, except in cases where important changes in the market compel us to advance or reduce our prices, when we will be governed by *market rates.* **10 lbs. and over will be supplied at the rates per 100 lbs.;** ½ lb and ¼ bush. at the pound and bushel rates; but smaller quantities will be subject to a higher charge.

Seeds by Mail.—When desired, small packages will be forwarded by mail at 8 cts. per pound, 15 cts. per quart, extra.

NO CHARGE for Boxes, Barrels, Packing, or Cartage. Bags only are *Charged at Cost.* After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

Insurance effected only when so directed in writing.

WE DO NOT COMMISSION SEEDS.—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission.** Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

ELECTROTYPES.

Many of our customers purchase, for use in their catalogues, **Electrotypes** of the illustrations in our retail catalogue. While we do not make a business of selling electrotypes, yet the expense of engraving our original illustrations is so heavy that we must charge for the blocks at the rate of **30 cts. per square inch.** All orders for electrotypes are subject to our approval, and in no case can we allow the use of our copyrighted engravings of varieties introduced by us to illustrate other varieties or to sell seed of doubtful purity. ☞ We propose to protect from pirates both our copyrighted illustrations and the matter in our **Retail Catalogues,** which is *copyrighted* both for the current year and for years past. We regret that this notice is necessary, but it will not affect any honorable, self-respecting house, and all who purchase seed of our novelties and specialties are, of course, fully entitled to copy our descriptions.

W. ATLEE BURPEE & CO., Philadelphia, Pa.

Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

☞ **A Telegraphic Cipher** (*or* **Cable Code**) *is attached to each variety, by which our customers can wire us their orders at very little expense. For example:—*

Freight Five Brame would mean:—Send immediately, by fast freight, five bushels of BURPEE'S BUSH LIMA BEANS.

Express Twelve Canopy would mean:—Send immediately, by express, twelve pounds of BURPEE'S ALLHEAD EARLY CABBAGE.

Mail One Plash would mean:—Send by mail, postpaid, to-day, one pound BURPEE'S RUBY KING PEPPER. If the word **Register** is used instead of *mail*, it would mean "Send by Registered Mail."

BURPEE'S GENERAL LIST

OF

FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce; of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. The trade packets offered contain from five to ten times as much seed as our retail packets. Where the price is given per 100 pkts., the variety is sold only in our usual retail packets.

These flower seeds are all of the finest strains of the best varieties, and are sure to give entire satisfaction. While many are grown by ourselves at FORDHOOK FARM, or by our private growers in America, all are thoroughly tested both for vitality and purity at FORDHOOK FARM. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold in the trade. It is generally admitted that we grow a larger area of Flower Seeds, and test all varieties more thoroughly on our own grounds, than do any other American seedsmen.

THE STYLE OF PAPERING OUR FLOWER SEEDS.

At an expense of some hundreds of dollars we have had illustrations made of nearly every variety of Flowers, and have prepared electrotypes giving also directions for culture. Thus, with few exceptions, **every Packet of Flower Seeds sold by us bears an illustration of the variety and concise directions for culture.** We are sure our customers will appreciate the labor involved in this work when they receive the seed in the neat, new style which, to our taste, is vastly preferable to the gaudy chromo packets so generally used.

POTATOES FOR PROFIT.

BY F. B. VAN ORNAM.

The time was when farmers could live as their fathers did, ignoring books and progress, and yet obtain a competency from the farm. That day is past, but never in the "*good old times*" did farming pay so well as it does to-day, despite the changed conditions. The man who succeeds now must keep in touch with the times. We believe it part of a progressive business policy to sell not only *the best seeds that grow*, but also to disseminate among our friends literature that will be helpful in cultivating and marketing their crops.

This conviction finds expression in our series of books on *Growing for Profit.* These books are written by men whose lives are spent in producing crops of which they write. The present volume, fresh from the press, is alike valuable to the market gardener, farmer, or to anyone with a garden. MR. VAN ORNAM, the author, has for more than thirty-five years been one of the leading Potato growers of the country, and is the originator of some of our best varieties, including *Burpee's Extra Early* and *The Great Divide.* Raising POTATOES FOR PROFIT, as treated by him, will interest and prove helpful to every grower of the crop.

SYNOPSIS OF CONTENTS.—*History of the Potato,—Soil and Preparation,—Manures and Chemical Fertilizers,—Planting,—Cultivation,—Insect Enemies,—Fungous Diseases,—Harvesting, Storing, and Marketing,—The Seedling,—Growing Seed Potatoes.*

BURPEE'S BUSH LIMA.

THE ONLY BUSH FORM OF THE TRUE LARGE LIMA BEAN.

BURPEE'S BUSH LIMA comes absolutely true from seed. The bushes grow eighteen to twenty inches high, of stout growth and always erect, yet *branching so vigorously* that each plant develops into a magnificent circular bush *from two feet to three feet in diameter*. The leaves are of very large size and great substance. The bush character is thoroughly established, not one plant in a thousand showing any disposition to "run." The thickness of the main stalk and branches of the plant, as also the unusual size, healthy green color, and thick, leathery substance of the leaves, indicate the strong constitution of this variety, by which it is enabled to bear large crops, and is also a sure cropper. It is an *immense yielder*, each bush bearing from fifty to two hundred of the handsome large pods, well filled with very large beans, which are *identical in size* and *luscious flavor to the well-known large pole Limas*. By the introduction of this most valuable novelty the largest and best Lima Beans can now be raised in quantity at small cost, without the expense and labor attached to the use of poles.
